INNOVATOR IN ELECTRONICS

Murata ID Solutions

An introduction

Murata ID Solutions

2005

Spin off Company of **University of Parma** -
Department of Industrial Engineering &
Supply Chain Management

2017

ID-Solutions joins
Murata Manufacturing Corporation Ltd

Our expertise

Consultancy

- Feasibility studies
- KPIs
- PJM

Software

- Middleware
- UI & integration
- BI dashboards
- Mobile apps

RFID tags

- Disposable tags
- Embedded tags
- Durable hard tags

RFID hardware

- Encoding
- Fixed gateways
- Mobile gateways

Services

- After-sales services
- Customisations
- Service bureau

Consultancy

The value you can unlock with RFID

Our RFID solutions

one RFID platform

id-Bridge Retail Suite – scalable system

Turnkey packaged solution for RFID Retail:

-  Suitable for small and huge deployments
-  Plug and play – scalable and replicable
-  Flexible and customisable
-  Delivers actionable insights via focused and added-value shortcuts and KPIs
-  Fully integrates with legacy systems (WMS, Retail, CRM, etc.)

Evidence from the field

Production and logistics

Evidence from the field

Deployment:
Fashion group
operating
worldwide

Goals

Critical components
tracking in production
Grey market control
Logistics accuracy

Solution

RFID empowered
automatic production
35 million items
tracked per year
150+ RFID Smart
tables
40+ Rfid stations
(tunnels, gates and
cages)

Benefits

Improvement of production and
logistic processes
Reduction of operational errors
Improvement of logistics accuracy
Operational time and costs savings
Real-time item level traceability

Evidence from the field

Retail store

Evidence from the field

Deployment:
Fashion group
operating
worldwide

Goals

Inventory accuracy
Replenishment from
backroom
Visual Merchandising

Solution

4 million tags tracked
per year
50+ stores retail and
outlet – 500 full
deployment
Rfid Retail solution
KPI mobile apps

Benefits

Store turnover increase: up to 10%
outlet (replenishment from
backroom) – up to 3% store (visual
merchandising)
Prevent missing sales opportunities
Customer services
(RTLS & picking app)

3 visibility levels

**What's
in store?**

Inventory accuracy

**What's on
the floor?**

Replenishment
from backroom

**Where
is best?**

RFID visual
merchandising

Visual merchandising – issues at stake

Only SKUs that positively generate margins are worth displaying

Not all store areas are equal

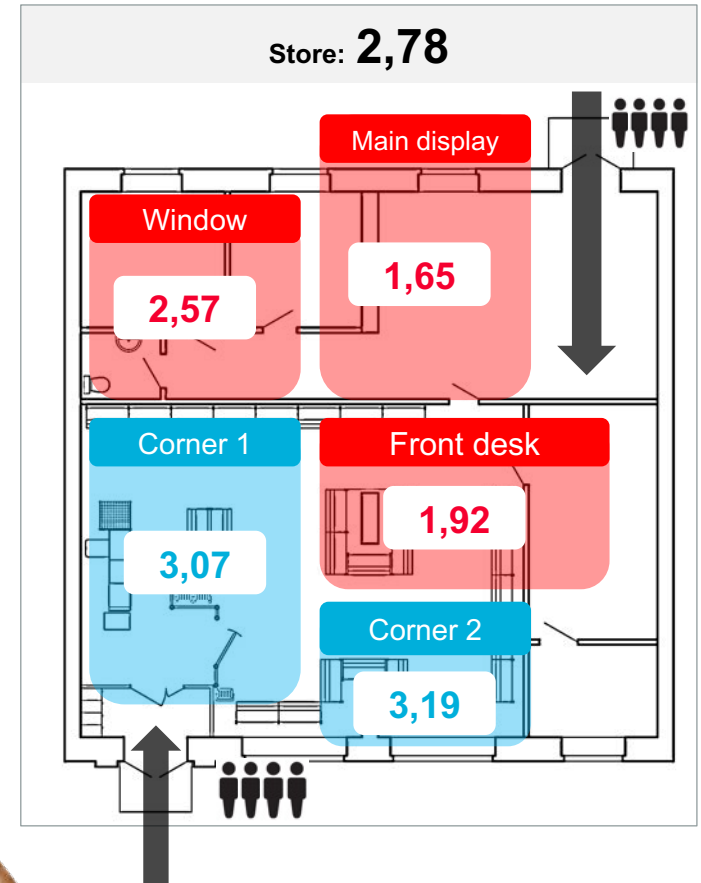

Visual merchandising – issues at stake

% SPACE – COST TO DISPLAY	
% SALES	Money makers MAINTAIN
	The indifferent OPTIMIZE
	The indifferent EXPLORE OPPORTUNITIES
	Money losers REPLACE

Evidence from the field

- Performance of store areas
 - Sales vs cost to display with RFID
- Performance of single SKUs (money maker, money loser, indifferent) with store apps
- Decide what is worth keeping, moving replacing
- 500+ actions

Evidence from the field

Monitor outcome in terms of
sales increase

Conclusions

End-to-end visibility

Unlock End-to-End Value
