TALES FROM THE FIELD

Building + Running a Successful IT Hardware Asset Management Program

WE'RE RF CODE

Automated Physical Asset Tracking

Real-Time Environmental Monitoring

Core to Edge
Asset Protection

A FEW OF OUR CUSTOMERS

Mario Giovannitti builds and runs secure data facilities around the world.

Current: Directs data center services at a large healthcare company in north Texas.

Previously: Lockheed, USAF

THE PROBLEM

Mario, please tell us where these expensive, depreciating assets are.

Mario:

Sure, I'll circle back in about a month.

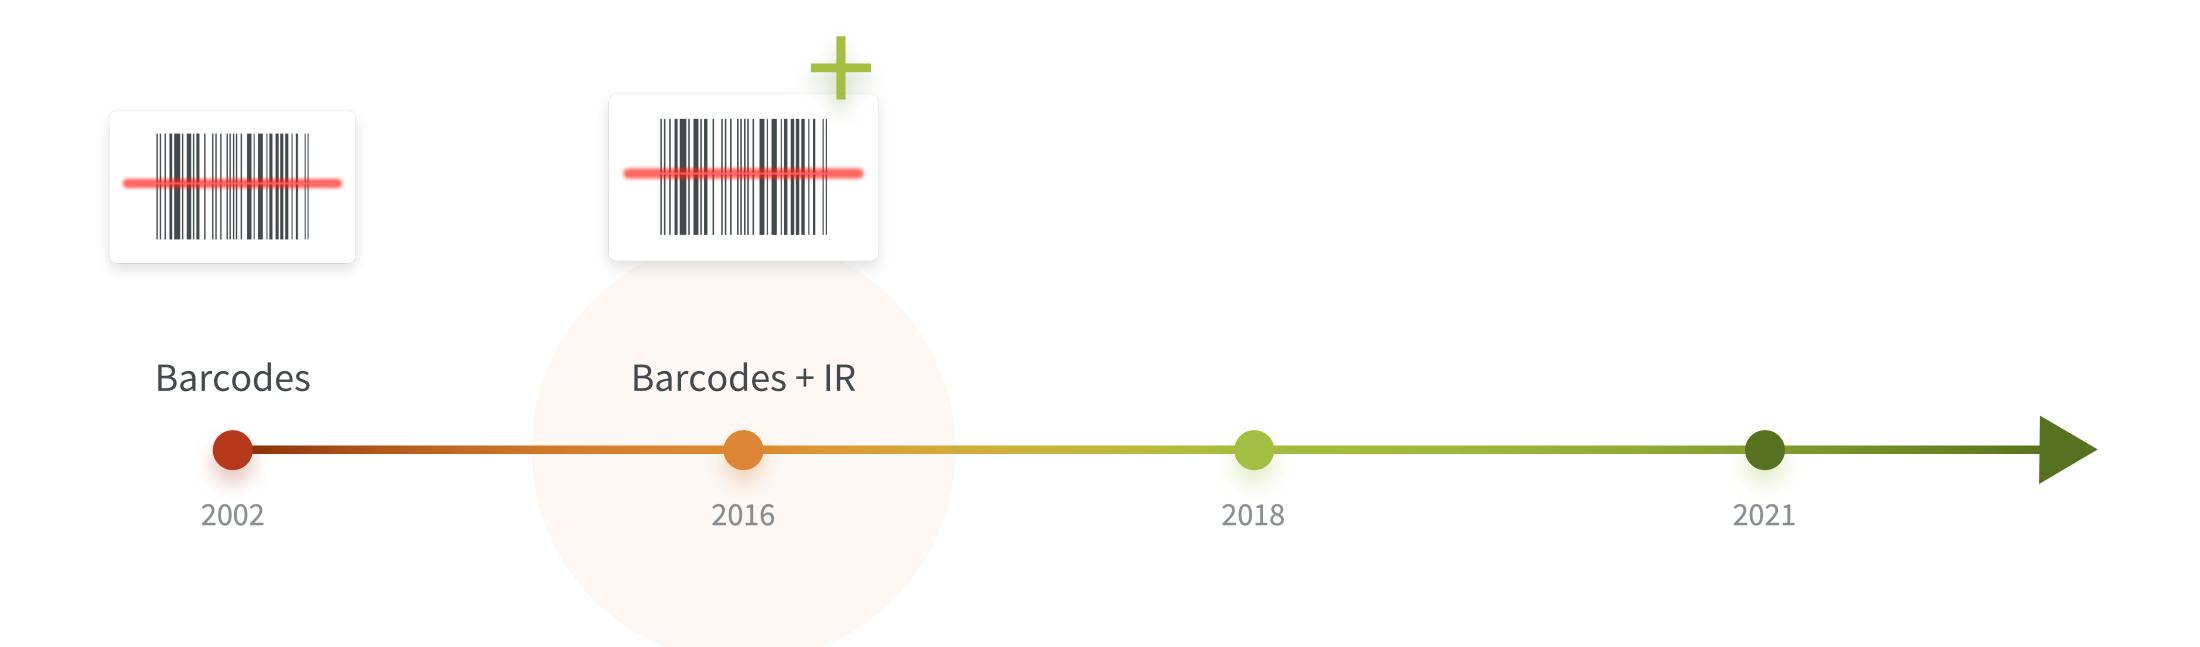

THE JOURNEY

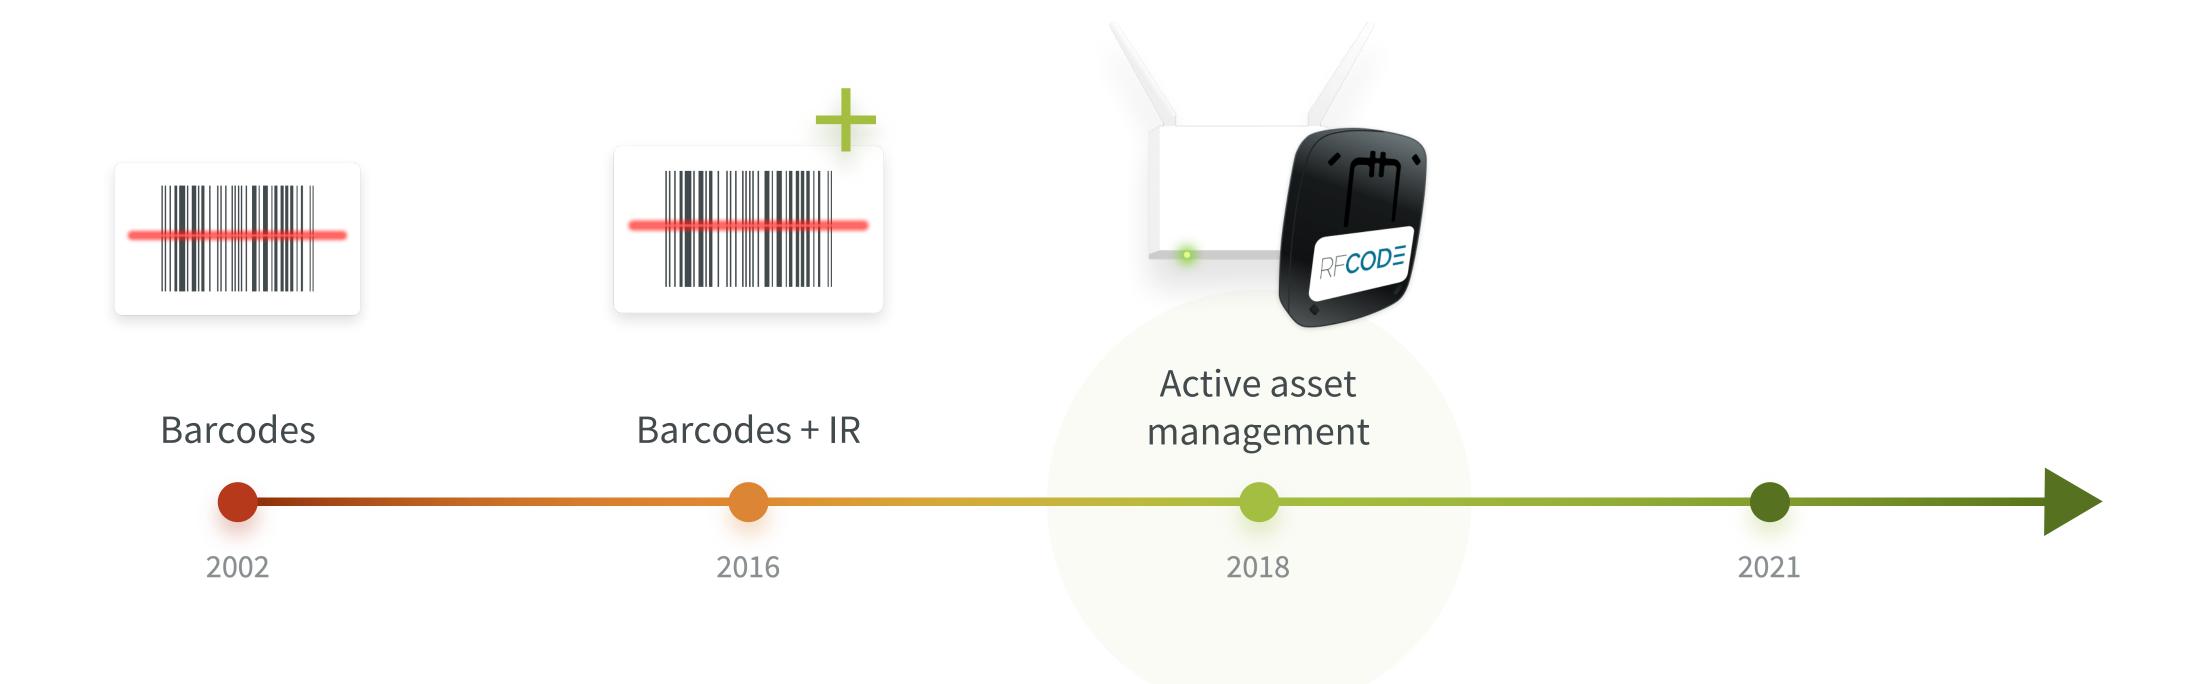

THE JOURNEY

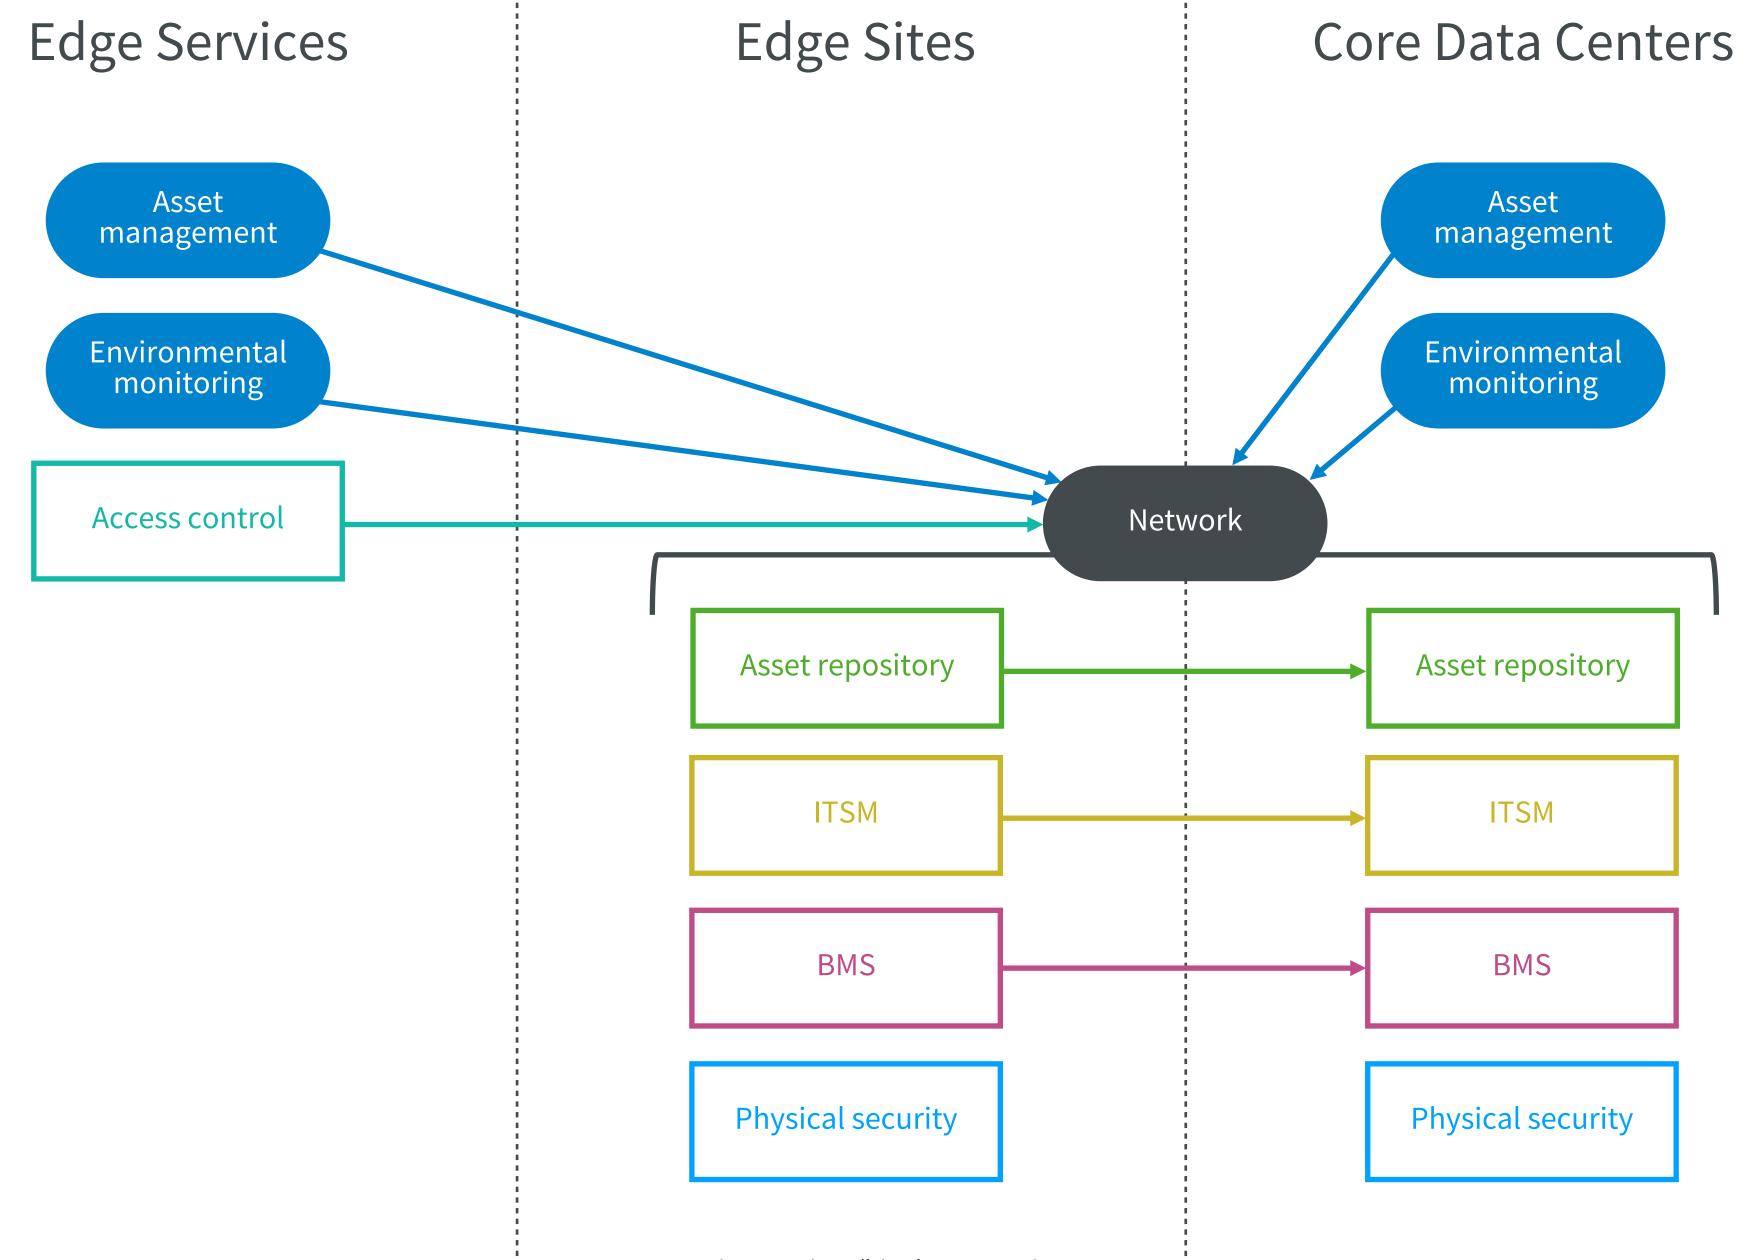

THE JOURNEY

THE JOURNEY RFCODE RFCOD= Expanded Active asset capabilities Barcodes + IR Barcodes management 2002 2016 2021 2018

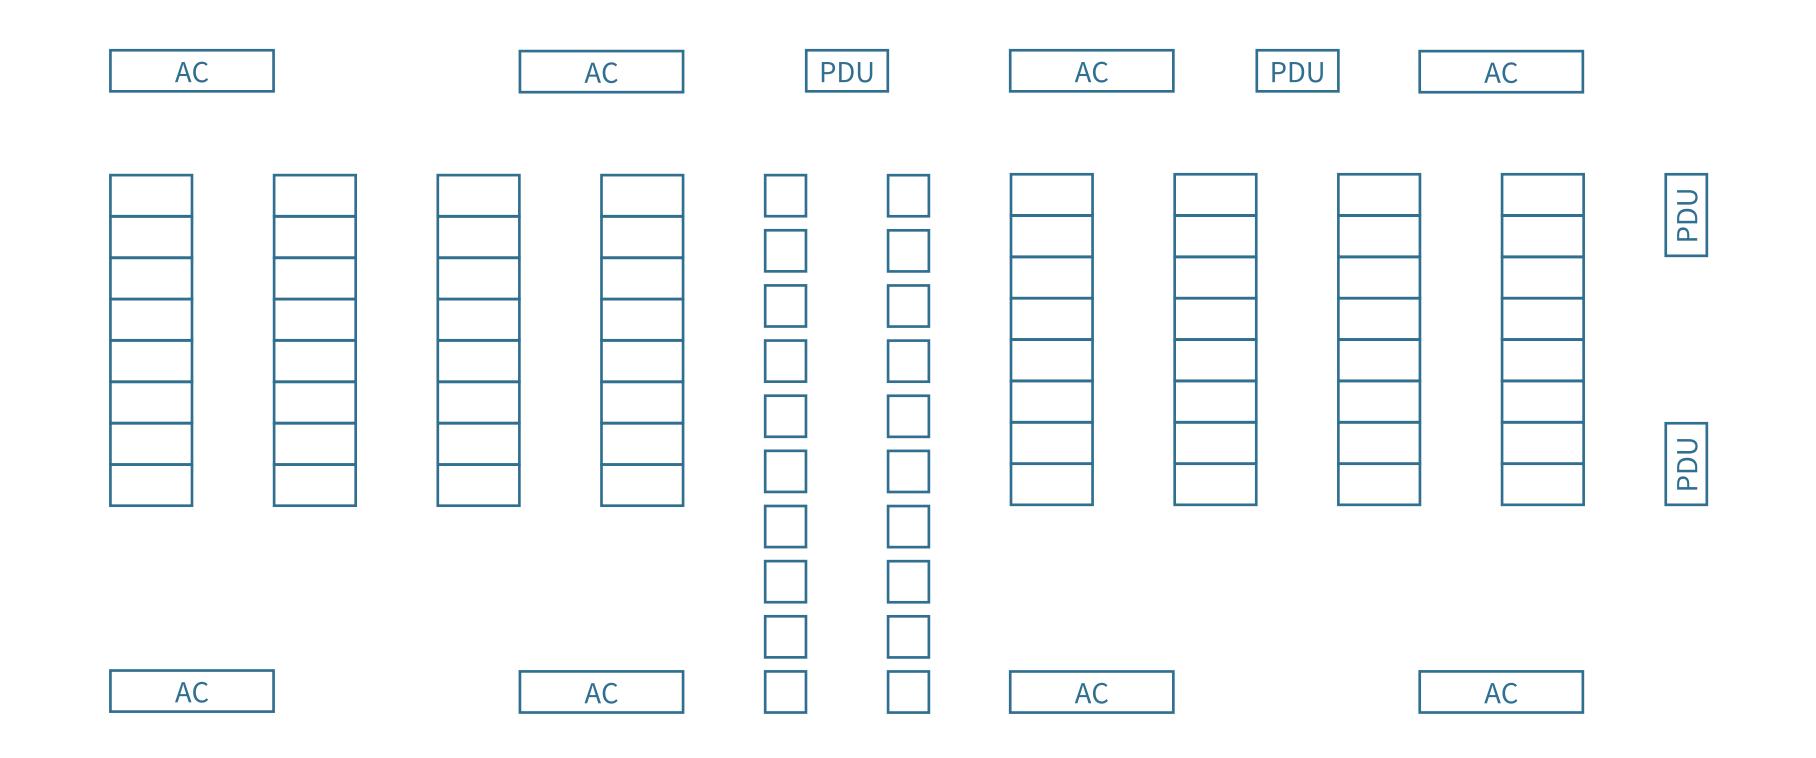

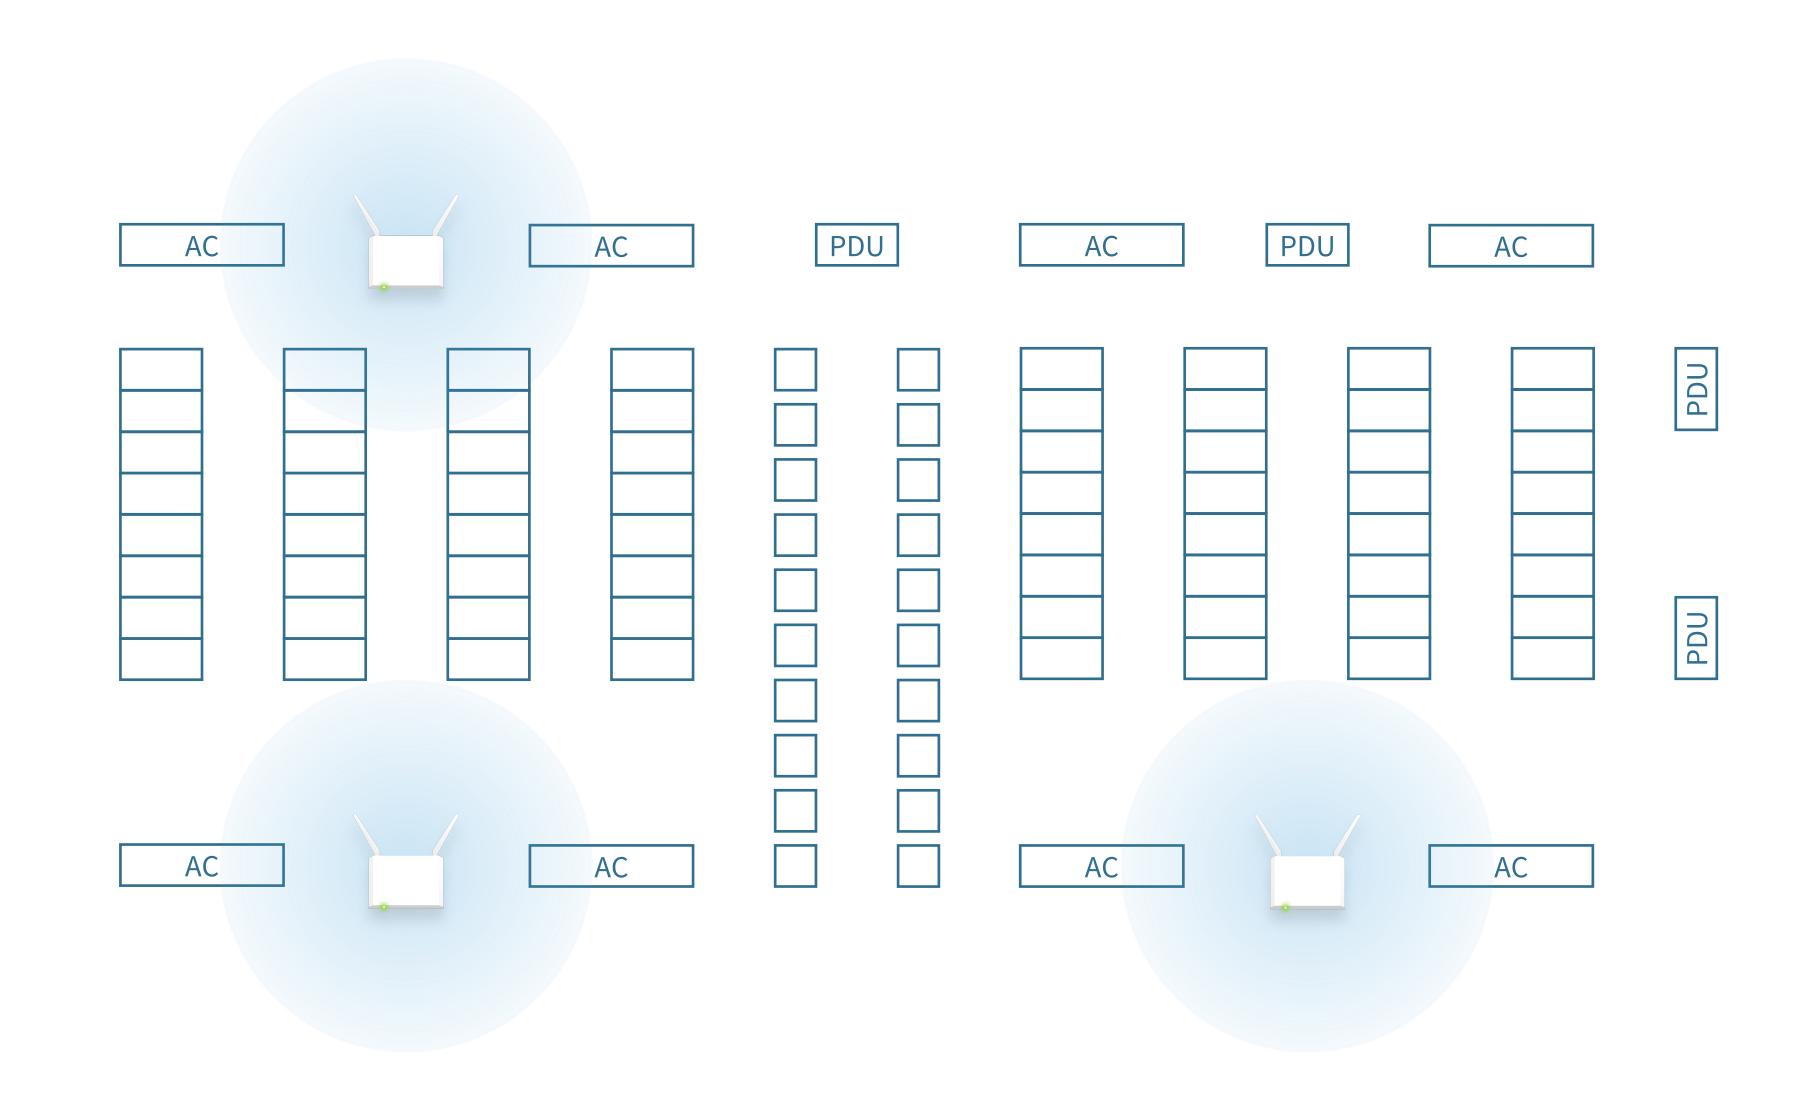

ACTIVE ASSET MANAGEMENT

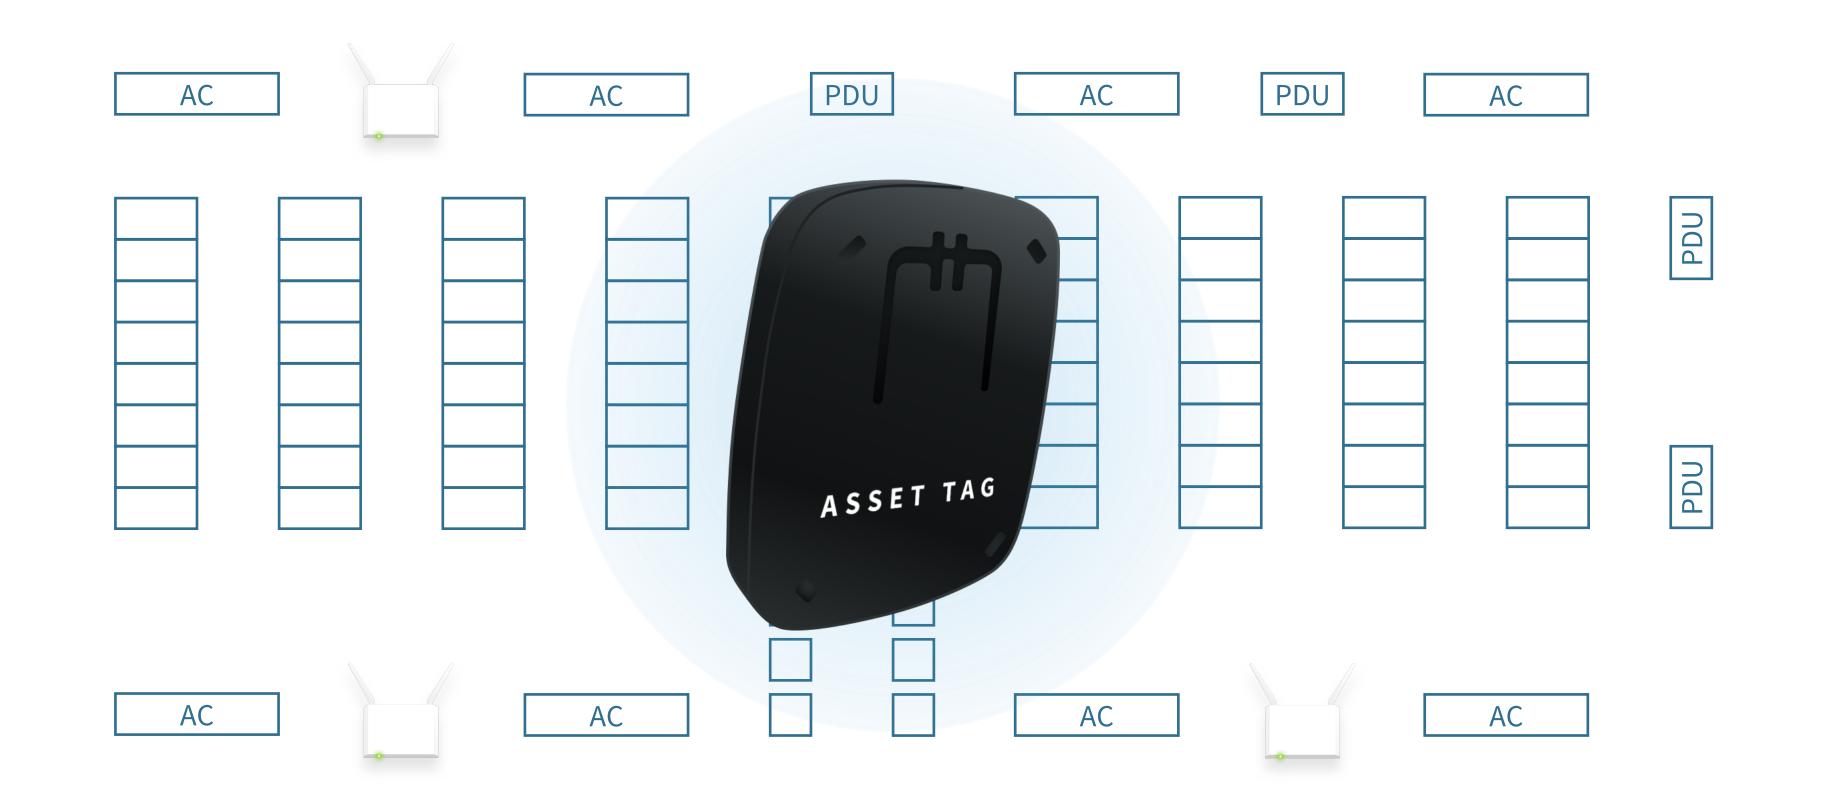

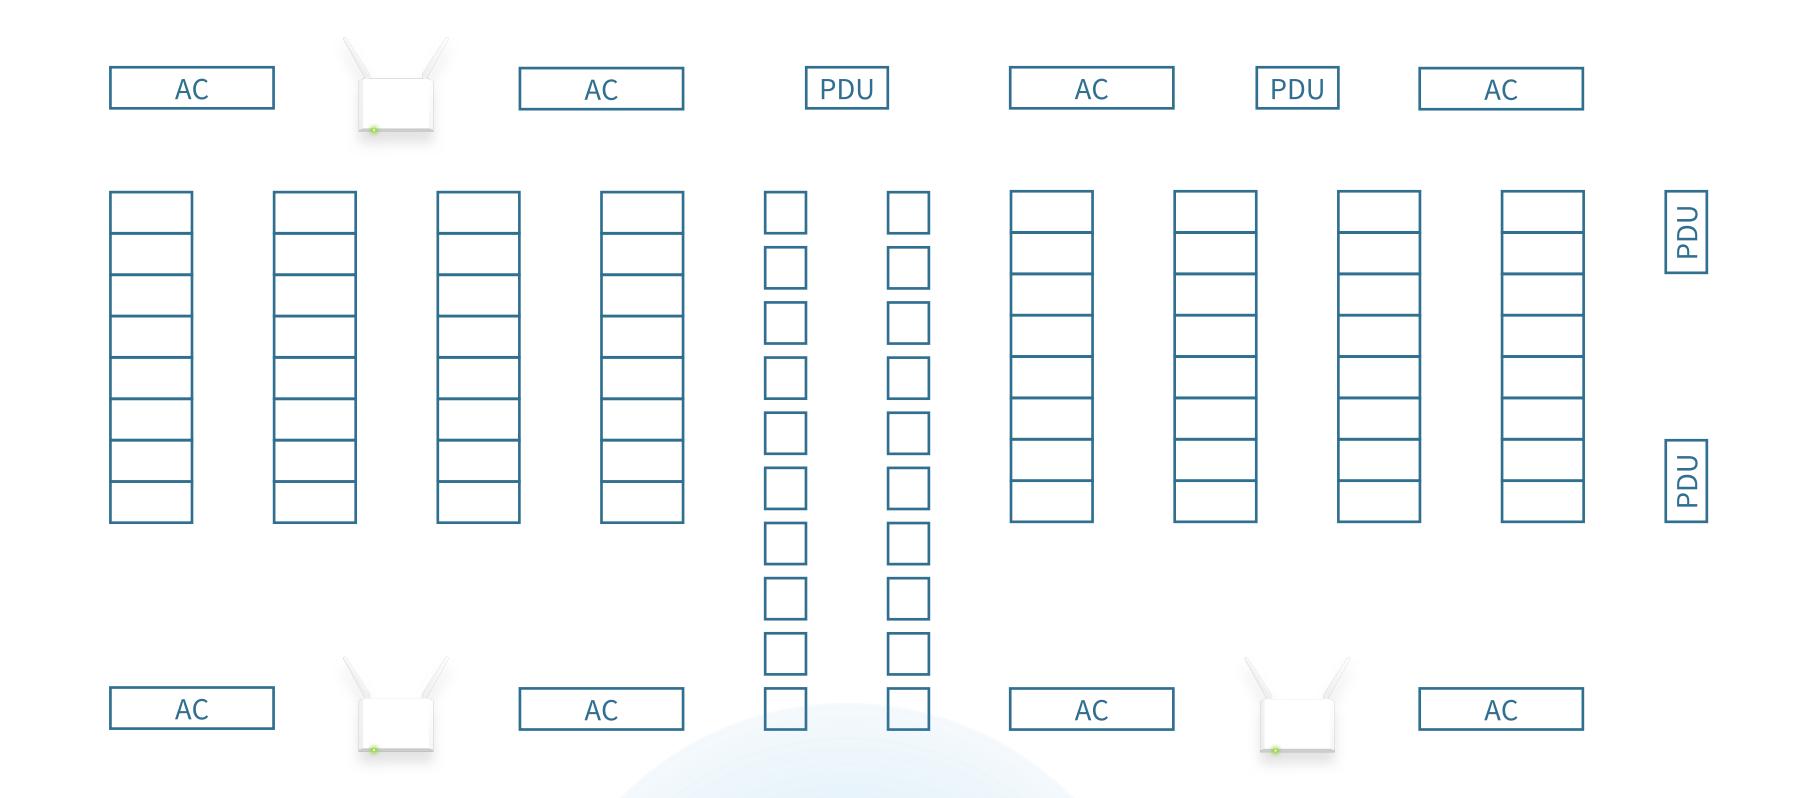

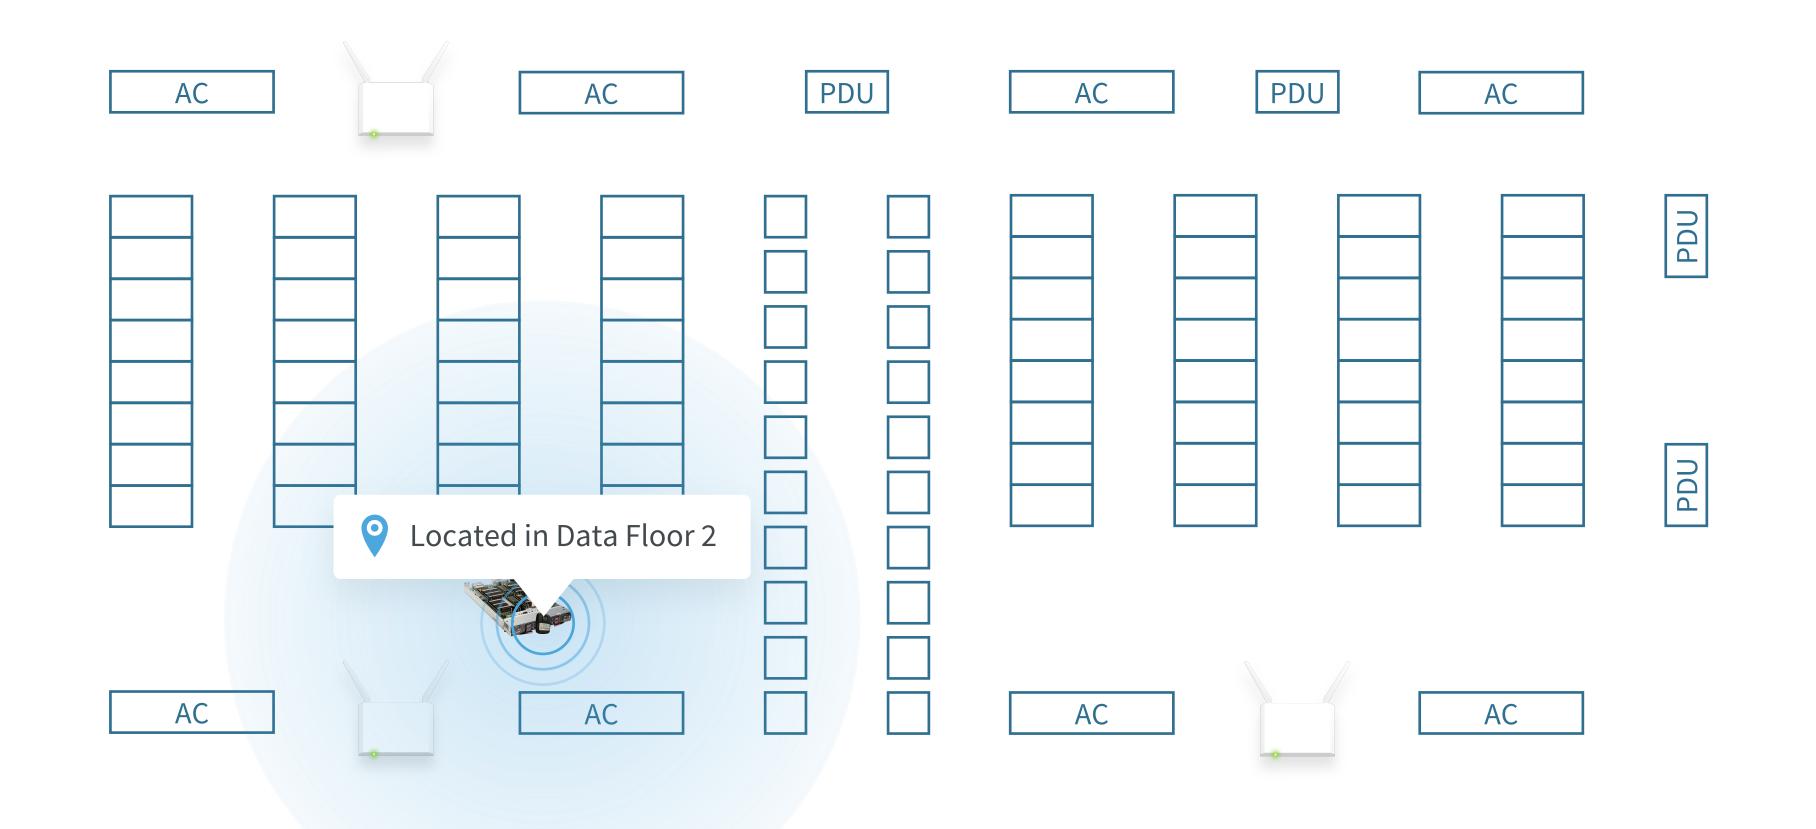

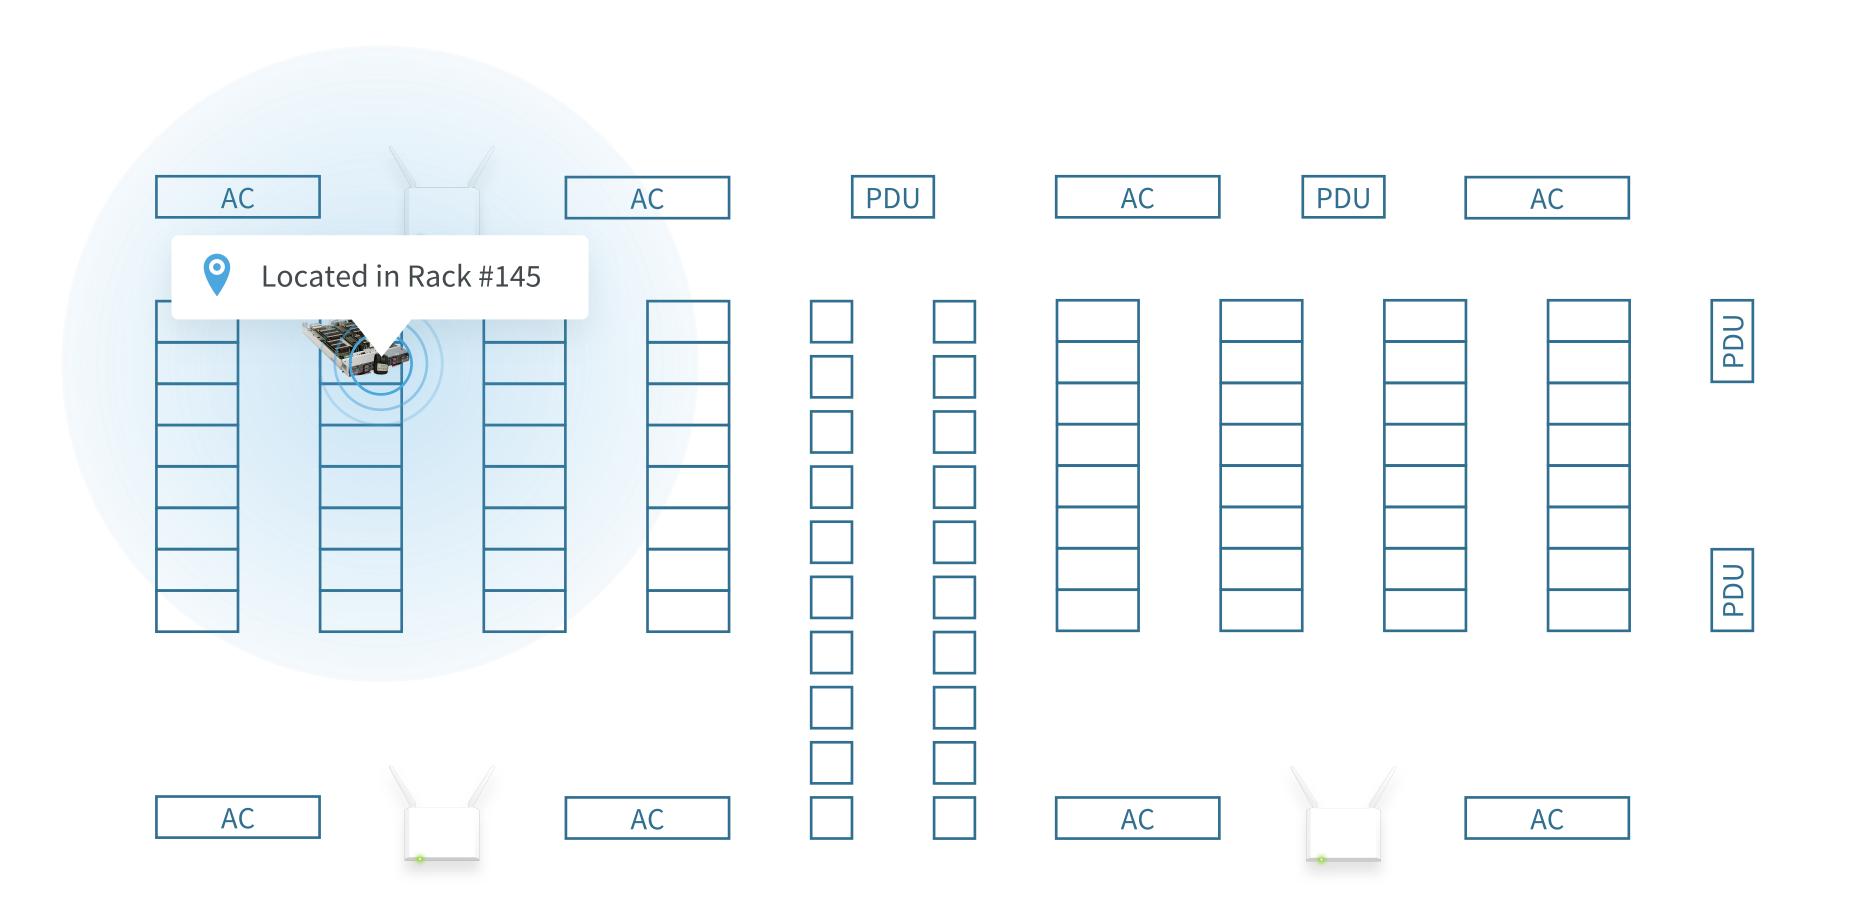

THE HUMAN ELEMENT

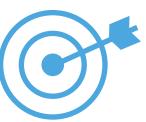

OPERATIONAL MANAGEMENT +PLANNING

Relationships between devices

Equipment purpose

Space/capability planning

Detailed reporting

BEYOND THE DATA CENTER

Managing 3 data centers is not like managing 325 hospitals and clinics

PROGRAM CONSIDERATIONS

Environmental Management

Asset Management

Asset Utilization

Security

Physical Access

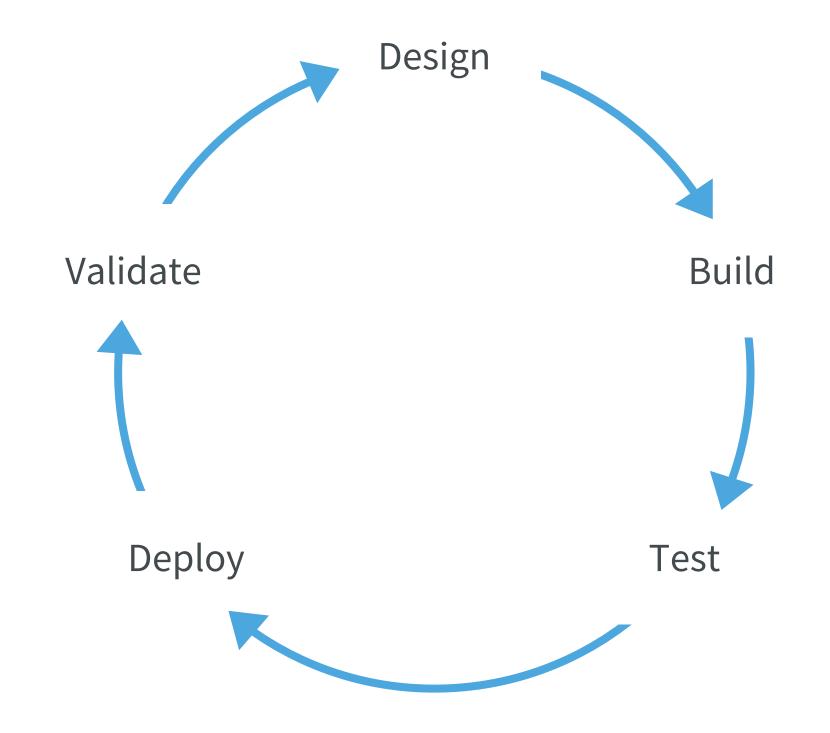

Last Mile Delivery

Emergency Response

CONTINUOUS IMPROVEMENT

Automated Physical Asset Tracking
