Top Reasons Why Track and Trace is Your Best Bet for Inbound and Outbound Applications

# Listening to the Webcast

- The audio for this webcast is broadcast over the Internet.
- Make sure your computer or device's audio is available, unmuted and turned up to an acceptable level.
- If you are having audio problems, please select the "?" in the upper corner of the webinar interface and select "Test my System Now." This will give you information on your connection and how to fix any issues.
- Often just disconnecting and reconnecting to the webinar will allow you to catch a better audio stream if you are experiencing any problems.

How to Ask a Question

- It is easy to ask a question at any time during the event.
- On the left side of your screen, there is a box labeled "Ask a Question."
- Type your question into that box and hit submit.
- Your questions will be queued up for me.
- I will present them to the speaker at the end of each presentation.

### Presentations

- We will send you an email in a few days with a link to the recordings of this presentation and PDFs of the slides.
- You can review the on-demand recording of this event and all RFID Journal virtual events and webinars by by going to: www.rfidjournal.com/rfid-journal-videos/
- You need to be a registered user of RFIDJournal.com
- Registration is free.

www.rfidjournal.com

 Registration will be open soon for RFID Journal LIVE! 2023, taking place May 9-11 in Orlando Florida - <u>https://rfidjournallive.com/</u> You can visit SICK in booth 923.

### **RFID Solutions for Track and Trace Applications**

Bryan Ferguson Market Product Manager SICK Flexible Identification Portfolio

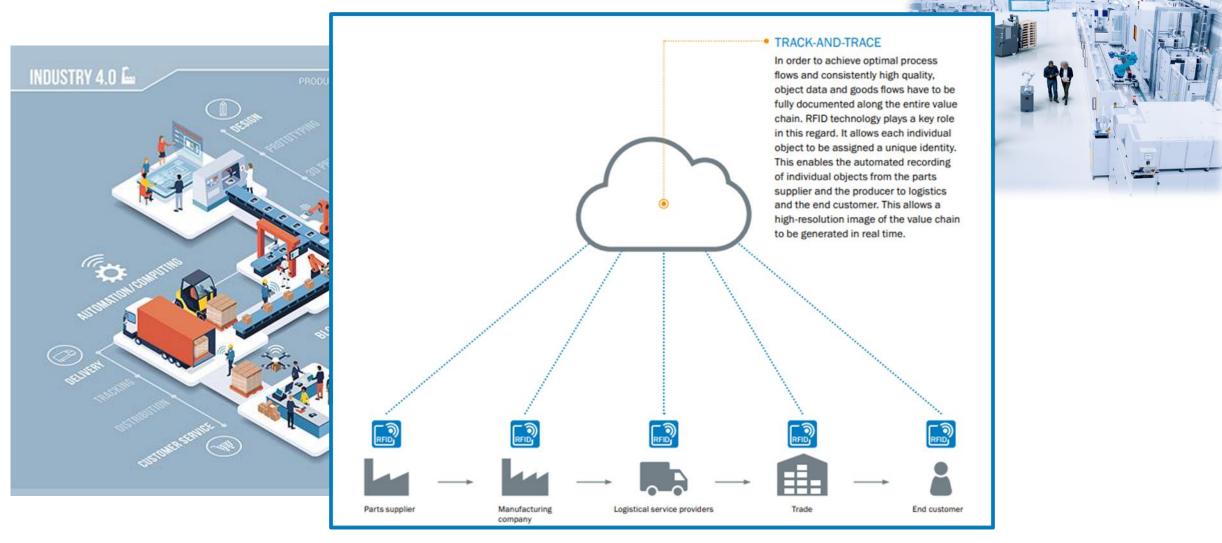

- 14.0 & RFID
- Basics Technical Overview
- **RFID Application Benefits for Track & Trace**
- Track and Trace Applications

# **I4.0 is changing the Industrial World**

Tracking and Traceability is a must

### RFID

Basic Technical Overview

### RFID - <u>Radio-Frequency Identification</u>:

- Basic Components Reader and a transponder or tag
- Wireless, non-contact use of radio waves
- Two main functions of the radio waves
- > Carrier frequency for communicating with the RFID tag
- > Energize the tag for communication in passive tags

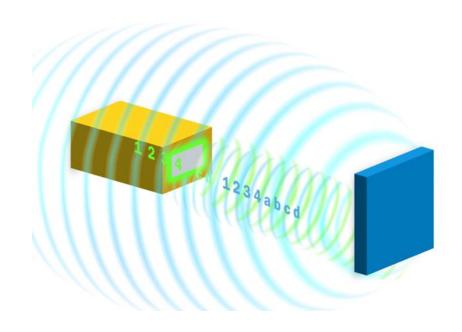

•

Welding

Clip

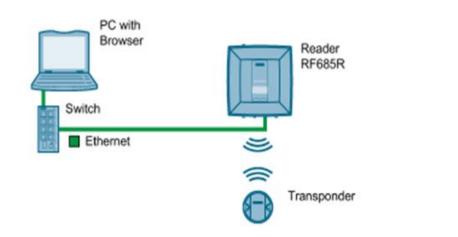

### RFID

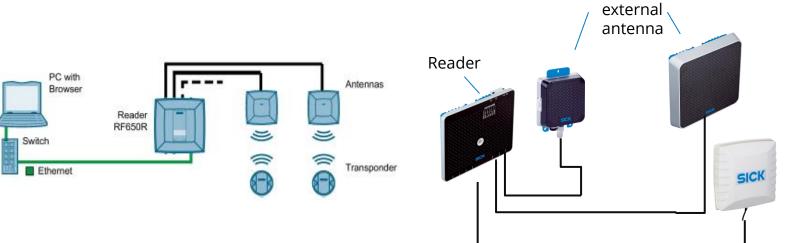

#### Reader aka Interrogator Overview

### **RFID Reader**

- Antenna, controller and connectivity for power and communication.
- Converts decoded information into output signals and/or communication protocols.
- Self contained or remote antennas
- Intelligent device

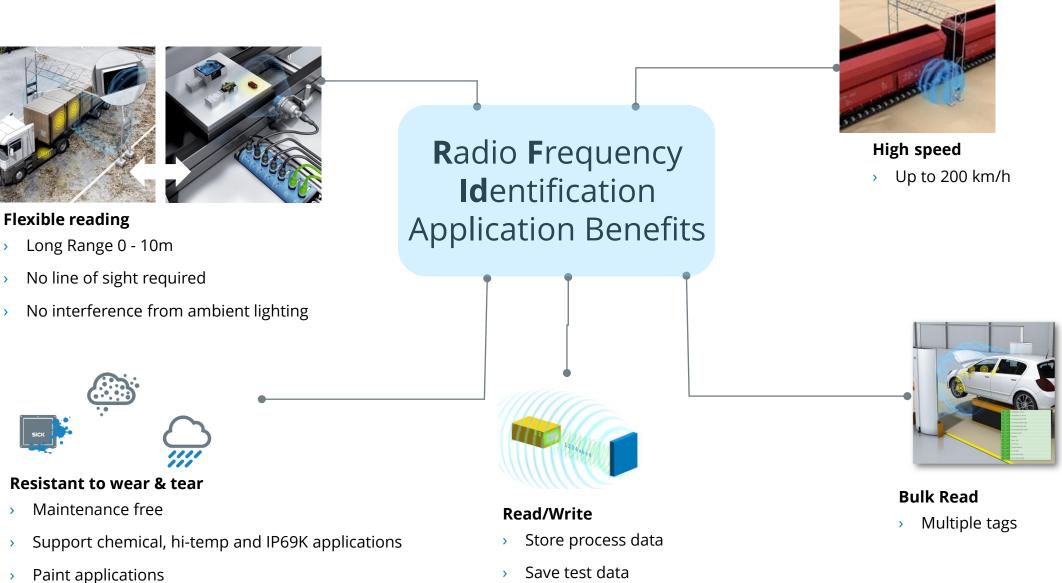

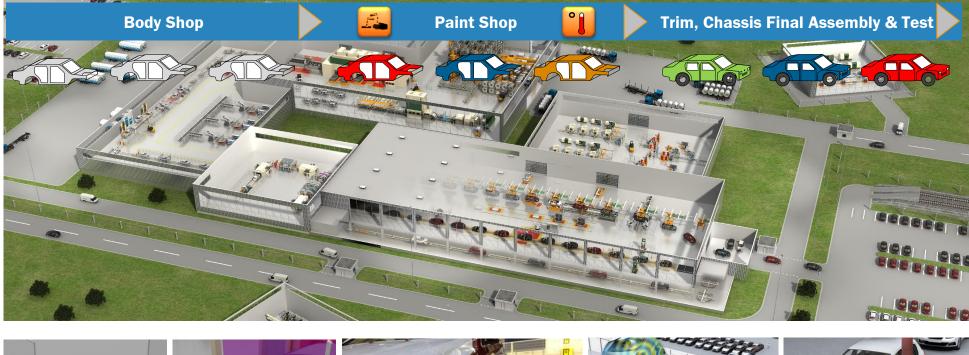

### **RFID** Application Benefits

# **Track & Trace in Automotive Applications with RFID**

Body In White

Final Assembly

Testing and Rework

Factory Grounds and Shipment

SICK - Solutions for the Automotive Industry | GIC FA Automotive | Confidential

Paint Shop

Car Distribution

#### **Car Distribution**

- > Tag from Body ID or the final car ID tag
- Directional readers to check the direction of movement mainly on factory grounds

- Long Range
- > High Speed
- > Writing Data
- > Harsh Environment

Vehicle Assembly Documentation

#### **Vehicle Assembly Documentation**

- Documentation of parts in car when passing RFID Gate in Final Assembly
- Reducing of manual reading positions throughout the whole plant
- Standard identification method also at various suppliers (Tier 1, 2, n)

- > Bulk read
- > Flexible Reading
- > UHF Standards

<u>E-Kanban</u>

#### **E-Kanban Shelf**

- > RFID antennas directly on self layers
- > Empty boxes are identified automatically
- > Information is instantly sent to the ERP system

- > Reading and writing to tag
- > Reader or antenna per shelf
- > Durable tags

Further information here.

**E-Supermarket** 

#### **E-Supermarket System**

- > Identifying boxes when entering or exiting the FIFO Lanes
- > Position and lane is identified
- > Supermarket is transparent to the ERP system at all times

- > Directional Reading
- > Long range
- > Bulk reading

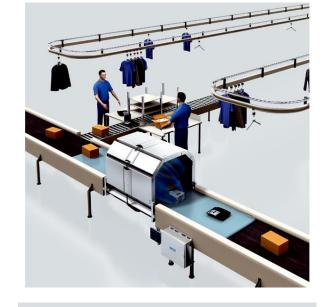

Conveyor Applications

### **RFID Benefits**

- > Durable tags
- > High Speeds
- > Bulk reading

< 17 >

Warehouse

### **Pallet Confirmation**

### **Autonomous Inventory**

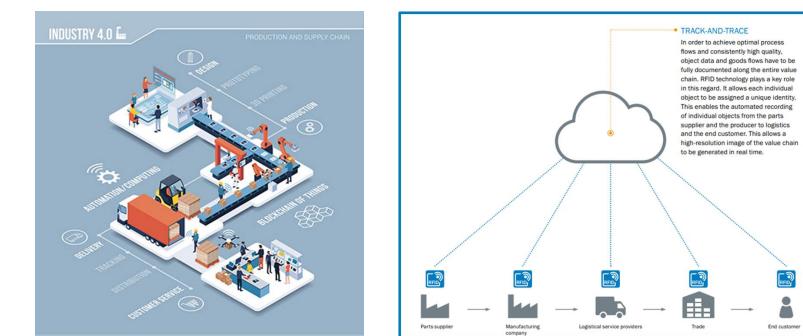

SICK Sensor Intelligence.

- > Durable tags
- Long range
- > Bulk reading

### **Summary**

- > Flexible Reading
- > Bulk reading
- > Read n Write
- > High Speed
- Durability

# Thank you!
